

CAN YOU HELP US FIND THE BEST BLUEBELL WOODS IN PERTH & KINROSS?

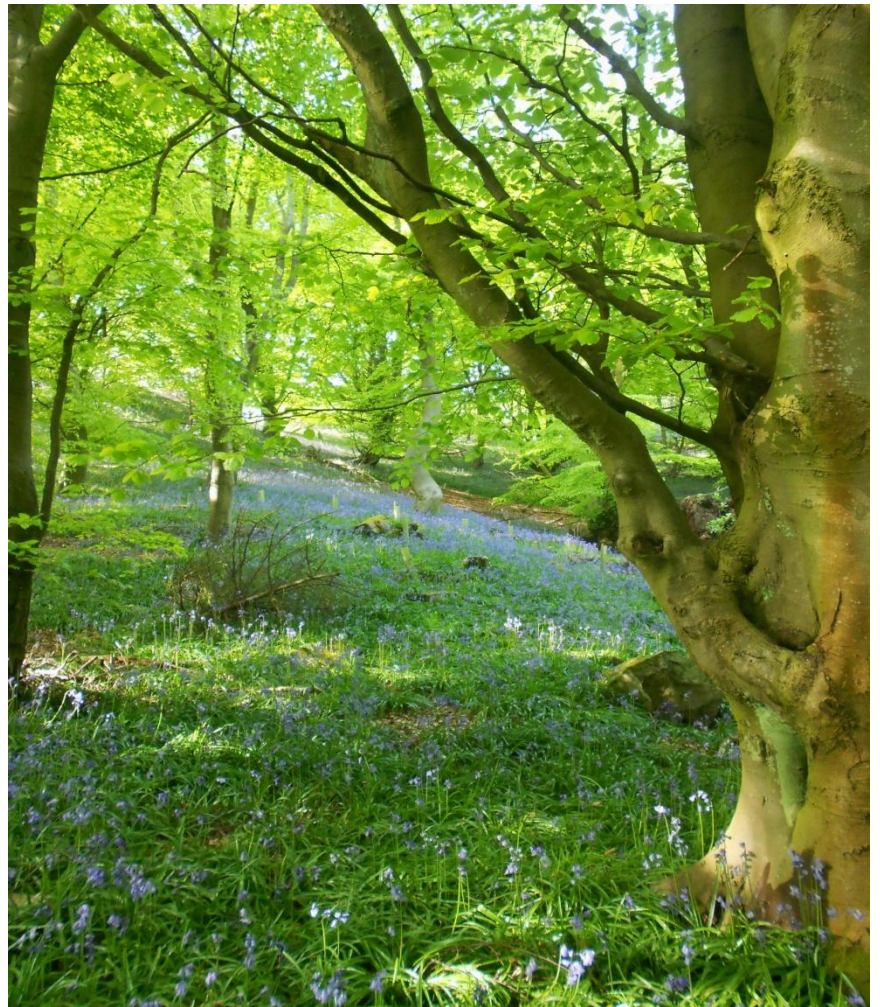

We are searching for the best bluebell woods in the area to feature in a Bluebell Trail leaflet.

Can you help us plot where the bluebell woods are that you can drive past - i.e. where there is no nearby parking or perhaps restricted access – this will help plot our best “bluebell drives”.

We will also be listing the best bluebell woods to visit so need to know a grid reference, how much safe parking there is nearby, if there is a designated footpath through the wood or if not, who the woodland owner is.

If you can help, please send details to the PKTWN's Assistant Secretary, Kayleigh Donaldson, at ceilidhann42@gmail.com or to
